Analysis	Description		
RELEVANT INDUSTRY STANDARDS APPLICABLE	The Rowing NZ Water Safety Code 2016 sets minimum standards for safe rowing operations. It also incorporates the alternative arrangements to the carriage and wearing of PFD's on rowing skiffs approved under the Maritime Transport Act. Operating in accordance with the code may help rowing operations meet certain applicable regulatory requirements under the Maritime Transport Act, and, where applicable, some of their PCBU duties under the Health and Safety at Work Act.
